## What are the Conference Agenda Report (CAR) and the Conference Approval Track (CAT)?

The CONFERENCE AGENDA REPORT (CAR) and the CONFERENCE APPROVAL TRACK (CAT) are a compilation of motions that have been brought before Narcotics Anonymous at the world level. Just as we have motions and business meetings at group levels, area levels and regional levels we also have them at the world level. Once every two years Delegates from each region in the world bring the tally of their region's votes and submit them at the World Service Conference (WSC). The CAR and CAT are made in preparation for the WSC (World Service Conference).

The CAR and CAT are one of the ways Narcotics Anonymous World Services informs the fellowship of Narcotics Anonymous world-wide what is happening, what needs to be discussed, what needs to be voted on and the future direction of the NA fellowship world-wide.

Motions can be made by Regions, World Board or by the Conference Participants from the conference. Motions made by regions often involve issues important to the region, while World Board and Conference Participants motions concern the world-wide fellowship. These motions affect NA as a whole
