Members who are very enthusiastic might be tempted to select all of the options, but it would be most helpful for you to select the items most relevant to your NA service and recovery experience.

A. Revitalizing service committees

Service tools for groups and areas continue to be a priority. We believe we will have webinars and focus groups to help frame this work, which may include tools for area service committees, FD Basics, and resources for creating new meetings.

- ASC planning, mentoring, and leadership experience
- Support for creating new meetings
- Fellowship Development (FD)

B. Virtual services

We are looking for members with experience participating in virtual service meetings, workshops, and trainings, as well as members who are part of virtual groups that are connected to the service system. We anticipate focus groups and web meetings to help put together resources for virtual services.

C. Technology

We hope to hold some technology roundtables and/or focus groups this cycle. Focuses may include: keeping accurate and updated virtual meeting data, support for local webmasters, technology sharing forum on topics chosen by members.

- Virtual meeting data
- Webmaster trusted servants
- Sharing forum—If you select this item, please specify a topic in the comment box.

D. H&I

The conference has prioritized updated H&I service material, and after we collect Fellowship input, we will organize web meetings and focus groups on treatment, corrections (including drug courts), and H&I committee work.

- Criminal justice
- Treatment
- Committee experience

E. Geographic/physical isolation in recovery

We are planning to revise IP #21 The Loner this cycle, and we may have focus groups or web meetings of people who have been geographically/physically isolated in recovery to help with this work.

F. Dealing with predatory behavior

We are looking for members with group or service body experience resolving challenges. We may have focus groups on this topic or ask for members to submit experience if we work on new or revised tools. It is also one of the cycle's Issue Discussion Topics, and there may be an online form with questions posted during the cycle.

DRT/MAT as it Relates to NA : Helping Members Take Root

1. What were some of the ways you felt your membership was challenged early in your recovery, and what made you “stick and stay”?
2. How do we help people feel rooted and secure in NA?
3. What is one thing that was shared that stood out for you in the small group discussion?
4. As a program of complete abstinence, how do we help people feel included enough to be able to choose whether to be an NA member?
5. How do we help each other understand membership and take root in NA?

If we don't have time to consider these together, maybe think about them later today, or at your home group:

6. How do we make space for a newcomer to surrender – even if it takes a long time?
7. How can we set aside some of our own fear and judgment about members who come in on DRT/MAT to focus on helping addicts find a home in NA?

Public Relations via HIPPR Questionnaire — 2 sided!

← Questionnaire is NOT on the
2nd side! ☺

We are planning for 2024 and need each group conscience on where to focus our efforts and energy. HIPPR had a strategic planning meeting to brainstorm ideas on how we can serve our areas (my apologies for not spreading the word better). The list below are the ideas compiled, but we encourage you to add a proposed project that your group would like to see happen in our area in the future. Per the PR handbook, PR constitutes 3 groups we are trying to reach during Public Relations: the NA member, the addict who doesn't know about NA, and professionals and the community who has opportunities to refer addicts to our NA groups. We will have another strategic planning meeting in January after questionnaires are returned to further plan, you are all invited! Date TBD. Any questions about this questionnaire please call Crystal S 479-657-3650

Please circle ONE choice in each of the 3 categories. You may add multiple ideas, but please only circle one. On the header of each category you will see the current HIPPR Projects.
